Grammar P.-T. A Hears Oakland Eye Specialist

Campbell Union Grammar School P.-T. A. met at the school Tuesday, Nov. 4, Mrs. W. F. Grattan presiding.

Mrs. Esther Short, school nurse, announced that next week a clothes drive would be under way. As there have already been many calls for clothes, she urged everyone to send as much as they possibly could. She reported the number of illnesses in the school, and was happy to announce that what very few contagious disease cases there had been were recovered, with no others currently apparent. Eye tests will be given to all children some time this month, and the school will have the use of the new audimeter, soon after Christmas, to test students' hearing.

Mrs. Douglas Jones, president of El Paradiso council, passed out cards for all members to register for the kind of work they could do in case of national emergency. All women in the United States are being registered, so if anyone has not yet signed up, they are urged to get in touch with Mrs. W. F. Grattan or the president of any woman's organization.

Plans were made for the next meeting which is to be a "fathers' night" program to begin at 7:45 Tuesday, Dec. 2. Topic, "Temperance and Narcotics," will be presented by a speaker from the state division of narcotics. Refreshments will be served by parents and teachers of the seventh grades, with Mrs. W. H. Van Dyke as chairman.

The meeting was turned over to Mrs. Ray Wood, chairman of entertainment. She presented her son, Harvey, who played two selections on the flute, accompanied by Nina Page.

Guest speaker, Dr. Herman Katz of Oakland, was introduced by Mrs. Wood. His topic was, "Eye Problems of School Children and the Way They Affect Behavior." Dr. Katz regretted that lack of time made it necessary that he go into the subject lightly, but it was most interesting to hear his discussion. He made the point that we learn how to see, and it is important that we learn how to see correctly, not incorrectly, and that sleepiness and fatigue may very often be caused by

RED CROSS WANTS 1000 MEMBERS IN LOCAL AREA

Again Red Cross chapters throughout the country are organizing for the Annual Roll Call, the first in over 20 years in this section. To fulfill the organization's obligations to America's armed forces, to disaster sufferers, to victims of accidents, and to ex-service men and their families, a greatly increased enrollment this fall is essential. The Roll Call drive will be conducted Nov. 11-30.

Committee members of the Campbell chapter and who are organizing for the local drive are G. E. Farley, chairman, Dan W. Clark, Ray Mathis, Mrs. D. H. Cramer and Mrs. Howard J. Smith. In addition to these, the following are division chairmen, having assumed the responsibility for different sections of the territory: Dr. W. I. Merrill, Ira R. Abbott, W. H. Van Dyke, Rev. J. H. Bennett, Ben Davison, Ray Bishop, Mrs. Robert D. Weaver, Mrs. C. E. Fagalde, Mrs. Bertha Page and Mrs. Lloyd Selig. These various chairmen are securing workers to assist in the solicitation and the names of the various workers will be published later.

If you have not been asked to work and can spare a few hours or a day, please get in touch with any of the above committee members, who will be grateful for additional aid.

There are two items of special interest that the committee wants to mention: All funds in excess of 50 cents of each membership remain in the local chapter for local work; it is not necessary for those working in San Jose or elsewhere to subscribe where they work in order for their firm to be considered 100 per cent—it is merely necessary that they show their membership card to prove they are a member.

One thousand Red Cross memberships in the Campbell area is the chapter's goal.

MAIL-NEWS CELEBRATES ANNIVERSARY

The Los Gatos Mail-News celebrated the 60 years of its history with an anniversary edition last week. The 26 pages included the regular weekly paper with two eight-page sections containing items of town and personal history, business ventures and civic development.

An edition of this kind entails a vast amount of work for every member of the staff and the Mail-News is to be congratulated upon the success of its anniversary number.

The Almaden Grange is sponsoring an old time dance at the Almaden Union school, Saturday night, Nov. 8, at 8:30. Good music and refreshments.

U. S. NAVY RECRUITING OFFICER PRESENTS APPLICANT WITH NEW "BADGE OF HONOR"

COMMANDER F. K. O'BRIEN, of the U. S. Navy Recruiting Service, is shown here placing the new Navy "Badge of Honor" on the lapel of an applicant for enlistment in the Navy. (Badge shown above at right.) All ambitious young men who apply for service in Uncle Sam's "Two-ocean" Navy, whether accepted or not, are given this new badge as a mark of their patriotism. To learn of the many opportunities the Navy and the Naval Reserve offer, local men of 17 years and over can get the official illustrated free booklet, "Life in the Navy," from this newspaper's Navy Editor.

Shaves, Guests, Sustain Minor Hurts Sunday

Tom Shaves, genial proprietor of Court's Cabin, is taking it easy this week at his home on West Campbell avenue, nursing several broken ribs received in a minor automobile accident on the Santa Cruz grade Sunday.

Accompanied by his wife, daughter, Barbara Louise, and Mr. and Mrs. Louis Ulrich, Tom was headed for home in a blinding rainstorm when the car hit a patch of clay on the highway and skidded violently into the curb.

Other injuries: Mrs. Shaves, bruised and shaken; Ulrich, broken ribs; Mrs. Ulrich, bruised; Barbara Louise, broken clavicle.

Lt. Dodge Called To Active Duty

Lt. Robert L. Dodge, son of Mr. and Mrs. R. L. Dodge of Laurel and grandson of Mrs. B. O. Curry of Campbell, left Monday for Washington, D. C., where he has been ordered into active duty in the ordnance department.

Lieutenant Dodge, a Stanford graduate of the June, 1941 class, has been employed in the general office of the Standard Oil company in San Francisco.

Mattie Curran's Brother Dies

Cyril Clyde Curran of San Jose passed away Friday and funeral services were held Monday, with interment in Oak Hill Memorial park.

Deceased was a brother of Miss Mattie Curran, who for several years was manager of the local telephone office.

Morning Light Lodge No. 42, I.O.O.F., is meeting this evening for a roll call turkey dinner.

Church Groups to Present McGill The Magician

The youth groups of the Congregational church will present McGill, the famous magician on Saturday, Nov. 15, at 8 p. m., in the grammar school auditorium. The proceeds will be used by the groups for work within the church, and also for their camp next autumn.

McGill will present amidst a setting of drama, pantomime, and music, magical gems that he has gathered from many parts of the world. One portion of his program will be psychic magic and in this he will be assisted by Richard Waterhouse—graduate of the psychology department of Stanford. Mr. Waterhouse explains the mental phenomena which McGill presents in entertaining form. From reports received this part of the program is received with great interest. College members of the group were informed by Dr. Dorothy H. Yates of the psychology department of San Jose State, that she had these entertainers in her classes and has seen their program and freely says that it is very worth while for all students to attend.

Russel Wagner will act as master of ceremonies during the evening.

Tickets can be secured from all members of the groups at very reasonable prices for adults and students. The support of the town is asked to encourage the leaders of these groups in their efforts to counteract other influences affecting the youth of today.

Mr. and Mrs. Walter Silberbauer are leaving Saturday on a two weeks vacation. They will visit her parents in Arizona for a week and then in several of the larger cities. Walter will inspect the water works plants.

CLUBMEN HEAR PROBLEMS OF CITY PLANNER

Nick Hedegard, mayor of West Campbell, presented Michael Antonacci, city of San Jose planning engineer, at the Tuesday Kiwanis meeting, who related several problems of city planning, and situations to be considered in planning streets, subdivisions or cities.

It seemed to be San Jose day, with Supervisor Joe McKinnon and County Auditor Maurice Moore of the court house staff as visitors. Also introduced as visitors from Los Gatos were Axel Granstrom, former Campbell member, and Frank Baker.

Paul S. Becker, instructor in Campbell grammar school and local scoutmaster, and Everett J. Nelson, co-proprietor of the Nelson Brothers Trucking company, were introduced into membership by Past President W. R. "Duke" Morgan.

Next week being Armistice week the club will have its meeting on Wednesday with no regularly scheduled speaker, but will indulge in a song fest of patriotic songs and musical entertainment from Campbell high. David Rutherford will be chief songmaster.

El Paradiso Council Meets

Mrs. Douglas Jones, of Willow Glen, president of El Paradiso council, P.-T. A., presided over the first meeting of the fall term at Campbell high school last Friday.

After the business meeting Mrs. J. A. Hamilton conducted the first lesson of a series of study groups on "Leadership."

Members attending were Mesdames W. W. Williams, Chester Scarper, B. W. Justice, Denny Rauch, D. T. Jenkins, D. E. Coleman, A. Juras, Ed Reynolds, Lewis Scott, Douglas Jones, John Mersereau, George Larimore, B. Scofield, J. A. Hamilton, F. A. Jacobsen, Worthin Grattan, William Goehner, David Sanders.

Sigmas to Knit For Red Cross

Members of Sigma Sigma will find themselves busily knitting or sewing on Red Cross work at the next meeting of the club to be held on Thursday, Nov. 13, at 7:30 o'clock. Mrs. Edith Granstrom of 27 Mariposa avenue, Los Gatos, will be hostess for the evening. She will be assisted by Mrs. Irene Strong.

Miss Dorothy Merriman, president of the group, will preside at an important business meeting.

Tony Raffanti left Monday afternoon for an extensive motor trip through the southern part of California.

WOMAN'S CLUB IN INTERESTING MEET MONDAY

Members of the Country Woman's club of Campbell were treated to an especially interesting and entertaining program on Monday. Mrs. W. F. Grattan was chairman for the day. The program topic: "Facts Little Known of Our Presidents."

Mrs. J. B. Collins told many little things about our Presidents which are not common knowledge. One fact was that the first newspaper interview was given to Anne Royal by Andrew Jackson while he swam very, very informally in the Potomac. Mrs. Lavinia Grattan gave her impressions of Mount Vernon and told many interesting sidelights on the lives of the Presidents and their wives. She read from the diary of her grandmother announcing the death of Lincoln. Mrs. W. F. Grattan reviewed the book, "Forty-Two Years In the White House" by Ike Hoover. Mr. Hoover lived in the White House and did the planning of household affairs for 42 years. This book reveals interesting facts of the lives and habits of its occupants.

Mrs. Herbert Hudson introduced Della Courtney who sang "My Love Is A Fisherman" and "Til Reveille." She was accompanied at the piano by Lois Frisch, who also played a solo, "Holiday," by Ethel Vance.

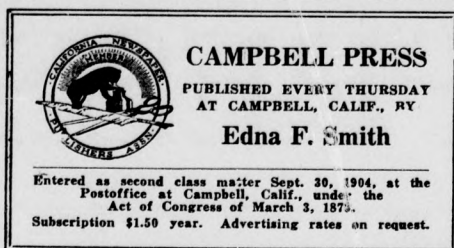

Mrs. George Jeffers presided at the business meeting which preceded the program. It was decided by the group that money is to be given to the Campbell library for the purpose of purchasing children's books. Plans are being made for entertaining the soldiers from Moffett Field. The ladies were asked to cooperate with other women's clubs in their drive to see that every soldier is invited to a real home Thanksgiving dinner.

The next meeting of the club will be held on Monday, Nov. 17. Mrs. J. C. Agostinho will be chairman. The topic of the day will be "A Day With Our Poets."

Open House At Camp Roberts Armistice Day

Californians will have one more opportunity to visit an army cantonment when Camp Roberts holds "open house" on Armistice day, Nov. 11. Elaborate arrangements are being made to entertain the thousands of visitors who are expected to pour into this, the country's largest replacement center, according to General Thomas J. J. Christian, commanding officer of the camp.

Every activity of the camp will be open to the public, including the eighty-four mess halls where lunch will be served to all visitors for a very nominal fee.

ARMISTICE!

November 11, 1918, was a day of rejoicing which will be forgotten by none who saw or heard it, whether doughboys on the Western front or civilians at home, staging the delirious celebration that swept the nation.

Nor will it soon be forgotten how in the period after the Armistice, a tide of high optimism stirred the world, as if the cheering and weeping which greeted the war's end were a manifestation of the people's love of peace, their hatred of the folly of war, their belief that never again would monstrous warfare shatter orderly relations among nations.

That conviction did not die an easy death. Only 12 years ago, under the Kellogg-Briand pact, 62 of the world's leading powers pledged themselves to renounce war as an instrument of policy. But pacts consist exclusively of words, and words alone cannot stop bullets, nor thwart aggressive powers. And since the Armistice the world, perhaps through fear or shortsightedness, forgot that if cooperative action by friendly nations can win a war, lack of such action can also precipitate it. Peace-loving powers may have also forgotten that, if they had nothing to gain from wars of conquest, there were other nations who did not share that view, who, in fact, wanted war, and planned and equipped themselves for it, while peace-loving powers looked on indifferently.

The soldiers, living and dead, whom America honors on Armistice Day won their victory at arms with high renown. Their sacrifice is a challenge—and perhaps a reproach—to America to win the battle of peace when the next armistice sounds.

DEFENSE MARKS TIME

The defense program is awakening America with a rude shock to the fact that its unparalleled productive strength and technological skill stand checked too often by the opposition of strongly entrenched pressure groups.

What price labor-saving inventions, if they are kept from use? What price the call for speed in production, if faster production methods are outlawed by those who dislike and fear them?

What price efficiency when a high OPM official must admit he refused to sanction a contract to the low bidder on a housing project, because the bidder used pre-fabricated materials, which the A. F. of L. opposes? The builder, in this instance, had an agreement with the C.I.O. The stage, in a word, was set for a drag-out fight between rival union organizations.

Strikes have so persistently bedeviled defense work, it is understandable that OPM directors should seek peace at any price. But it is not encouraging to find the strength of certain organized groups has reached such proportions that they can, and do, dictate policies which create "made work," multiply costs and actually delay production. Such activities are not always limited to the labor field. They are evident in the attempts to prevent federal action against those trade barriers which cripple highway transportation. Today, with a fourth of the nation's trucks engaged in hauling defense shipments, steps to hamper road transport are blows against the defensive power of the country. To squander, or fail to make use of, any part of our productive strength can no longer be afforded.

Total defense, if we understand the phrase aright, means full cooperation by all parties in bringing America to the maximum of military strength as speedily and efficiently as possible. Let's not mark time with defense!

NAVY NEEDS MEN TO MAN NEW VESSELS

An announcement, made public recently by the Navy department, that construction has started on six 27,000-ton super cruisers, indicates that work on our two-ocean navy has been accelerated. This statement concerning Naval shipbuilding brings the total number of new ships ordered since Jan. 1, 1941, to 2,831—with 968 already under construction. Production line methods are being used wherever possible and a pronounced speed-up has been accomplished by the institution of a 48-hour week and a three-shift 24-hour day.

This expert planning and new speed in construction of ships from 45,000-ton dreadnaughts to small torpedo boats opens the way for the Navy to accept new qualified men for training at the rate of 12,000 to 15,000 a month.

Every new ship in our Navy will require not only hundreds of additional sailors but many more Navy men will be needed to work in Navy dry docks, machine shops, ordnance depots and other shore posts to keep the new ships in action.

At the suggestion of Secretary of Navy Knox, R. H. Knappen has been made Navy editor of the Press to help the Navy in giving ambitious young men information about the opportunities of the two-ocean Navy offers for technical training and advancement.

In outlining the many advantages offered by Naval enlistment, Knappen said, "It is possible for a bright young man to increase his pay seven times during his first enlistment and he can earn as much as \$126 a month—actually worth much more when it is remembered that the man has few living expenses and is provided with the finest of medical and dental care.

"You have all your food and lodging, and also your original clothing outfit is provided," Knappen continued. "In addition, there are free sports and entertainment. On top of this you get free travel and adventure in colorful places—a thing few civilians can afford.

"When you consider the

San Jose Dist. Shares Telephone Co. Expansion

San Jose area is sharing in the gigantic \$75,000,000 coast-wide expansion program of The Pacific Telephone and Telegraph company as that exchange hums with increasing activity, according to C. D. Steiner, local manager for the company.

As normal growth plus accelerating defense activity brings telephone usage to a new high on the coast, San Jose finds itself reflecting this general condition with approximately 30,000 phones served from the exchange—and 1,500 of these added since the beginning of the year. To keep up with this increasing demand for service, the telephone company is expanding its local central office facilities.

New sections of switchboard and central office equipment are being added to both the Ballard and Columbia offices. This new equipment will eventually serve 16,000 additional subscribers.

San Jose is what is known as a "repeater station" on the San Francisco to Los Angeles long distance cable. Since the general traffic between these two points has greatly increased, it is necessary to install additional toll central office equipment at all repeater stations along the route. San Jose's share in this project will amount to approximately \$39,000, Steiner said.

"We consider it our number one duty to keep up with the defense needs of the nation," Steiner said. "At the same time we realize our fundamental obligation to give the best possible service to our customers at all times. The present defense activity and subsequent boom in telephone usage is making our

size of this country and the fact that the Navy will select only 12,000 applicants each month from many times that number throughout the U. S., the quotation 'Many are called but few are chosen' will apply to local men interested.

"As Navy men are a 'hand-picked' lot, candidates must be men of more than average intelligence and ambition, of fine moral character and have the written recommendation of at least two local people."

Inquiries gladly answered by Mr. Knappen at the Press office.

Public Invited To Visit Good Will Industries

At the fifth annual open house of the Goodwill Industries, everyone will be given an opportunity to see for themselves how waste becomes wages for handicapped men and women, and how these men and women are, through employment and training at Goodwill Industries, proving that they want not "charity but a chance." Through the conservation, repair, and sale of discarded clothing, shoes, and furniture, etc. given by interested housewives, 42 handicapped persons are provided steady jobs. These people received over \$30,000 in self-respecting wages during the past year. By rising above the handicaps of infantile paralysis, the loss of a limb, or the loss of hearing and speech, they have found their first jobs at the Goodwill Industries and are proving that handicaps are no bar to happiness and usefulness.

Goodwill Industries, located at 44 North Market street, San Jose, will be open for your inspection on Nov. 13 and 14, from 2 to 5 and from 7 to 9 p. m.

job one of the most difficult we have ever had to tackle."

Also included in district construction projects is the new exchange building in Campbell and the installation of dial phones throughout the community. The new system is expected to be in operation early in January.

John Harris and James F. Knappen of Marysville were Stanford-S. C. game, and dinner guests of the R. H. Knappens Saturday, returning to their homes that evening.

Synthetic Odors

The chemist has synthesized certain floral odors which cannot well be recovered from flowers, says Industrial and Engineering Chemistry. Perfumes having the true scent of lilac or lily of the valley, for example, were not to be had until the chemist synthesized these elusive and delicate odors. Wholly new odors have also been synthesized, but for the most part, synthetic perfume chemicals supplement rather than displace natural floral odors. High quality perfumes are usually a skillful blend of the natural and synthetic.

**THE BOOK
MARK**

Good Reading, dear readers!

Here we are in the middle of Book Week—yes, National Book Week, and I have so many thrilling and interesting books to tell you about that I don't know which one to mention first. However, here goes. Instead of just reporting on one tale, as is your Book Mark's habit, this week I am going to report on more than one, but briefly. Don't stop now! Be a good worm—'bookworm,' I mean—and finish reading this.

First on my list is Edna Ferber's latest novel "Saratoga Trunk." This author's reading public is so immense and enthusiastic that a muted word about a new book by her spreads like the wind. This is a story of American life in the eighties with New Orleans and Saratoga as its background. It has the Ferber color and romance being the story of two people in love at the turn of a ruthless century.

Charles Nordhoff and James Norman Hall come next on the list. Their recent publication is "Botany Bay." This writing team, having gained fame by their "Mutiny on the Bounty" needs no introduction. This book covers the successful escape of a prisoner from the Australian penal colony back in the eighteenth century. For char-

acterization and colorful adventure this story equals any of their "Mutiny" tales.

And to bring our column to a close, I shiver to mention Mignon Eberhart's latest mystery, "With This Ring." Here we find ourselves back in New Orleans, but this time not for love. It is to help Rony Brace hunt the murderer of Judge Yarow, of whose death she is accused. Rony takes you with her through the shadows of brooding oaks, hanging with wet moss, through inky black waters to reach a yacht where she discovers the body. Mrs. Eberhart needs no ballyhooing. "With This Ring" is another Eberhart success.

Report on the community chest campaign up to noon today is \$1393.15. One district is still unreported, and The Footlighters contribution cannot be reported until after their meeting next week. Anyone who was not contacted and wishes to make a contribution may do so at the Campbell Water company office with Jack Murdock, campaign manager.

Mrs. Fred Rost is recovering from severe burns on her left arm and hand as a result of a kitchen accident last week. A pan of grease on the stove caught fire and when Mrs. Rost removed the flaming pan to the sink, the curtains also caught on fire and while she was putting out the first, received first and second degree burns.

Saturday the Jack Murdocks motored to Sebastopol, returning Sunday, bringing with them Mrs. Margaret Murdock, who is spending the week here.

The number of telephone calls we handle on the Pacific Coast has mounted to over twelve million a day!
Each telephone call must be made to order—on a moment's notice...manufactured and delivered in a matter of seconds.
That's a big job—but it's only part of the job we're doing today as the West hits its stride on National Defense work. Add to this a program of plant additions, this year, in excess of \$75,000,000 of which expenditures for new construction alone will be over \$62,000,000.
We are making an all-out drive of man power, materials and money to supply the kind of telephone service that will help the Pacific Coast speed its part of America's biggest job.

the eyes. Most near-sightedness may be the result of faulty light, diet, and abuse of the eyes, he said. Sickness may easily affect the muscles or nerves of the eyes, and it is therefore advisable to prevent the use of the eyes, as much as possible, during and after illness. Good eyesight depends upon all parts of the eye moving in harmony, the speaker concluded.

After his interesting talk Dr. Katz answered questions which brought out much practical information.

Mrs. John Hiatt reported the progress of the membership drive which will end on Nov. 15. There will be room prizes, so everyone was urged to send in their 50-cent membership fee before that time if possible; but of course one is welcome to join at any later date. Room prizes will be awarded soon after the middle of this month.

The meeting was adjourned to the cafeteria where eighth grade parents and teachers served refreshments.

Glimpsed among the thousands who enjoyed the Melchior-Lehmann concert Tuesday evening were the following present and former Campbellites: Miss Ruby Howes, Miss Muriel Carson, Miss Helen Lumb, Mrs. Charles Brandenburg, Mrs. Laura Allen, Miss Anne Schulte, Mr. and Mrs. Herbert Shadle, Mr. and Mrs. D. H. Cramer, Mrs. Hattie Baugh and Mrs. H. C. Smith.

Mr. and Mrs. Marshall Rigsbee of Rt. 1, Box 153H, are parents of twins, born at O'Connor sanitarium, Oct. 26. The boy has been named Gary and the girl, Psnny.

PRESS ADVERTISERS

"Imagine me, steering a Destroyer!"

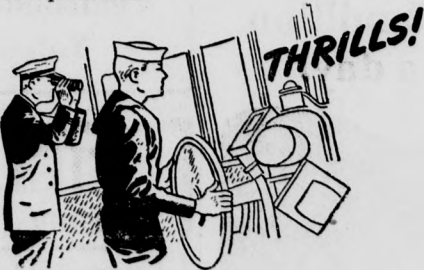

"And I've had two pay raises in only eight months! I'll say you can't beat Uncle Sam's Navy!"

YOU couldn't ask for a greater thrill than that which a fellow gets when he comes back home wearing a trim Navy uniform. The folks crowd around. They all want to know where you've been, what you've done. And man, do you have stories to tell!

GREATEST LIFE IN THE WORLD

You're proud. And you should be. For you've been leading the greatest life in the world. And it's a thrill to tell about it, too. A thrill to see the admiration in the eyes of the One and Only Girl as you tell about the first time you steered a Destroyer. Or handled a P.T. Boat at more than 45 miles per hour. Or stepped out in front of your shipmates to receive your first promotion.

And with that promotion came an increase in pay. And there were more to come. Second Class. First Class. And then Chief Petty Officer. Many might even go to Annapolis. Or to Pensacola with the flying cadets!

Exciting? You bet, and fun too. Something doing all the time. Real he-man's stuff. Boxing. Baseball. Football. Swimming. AND MOVIES... previews, too!

LOOK WHAT THE U. S. NAVY AND NAVAL RESERVE OFFER YOU

FREE TRAINING worth \$1500. Nearly 50 trades and vocations to choose from.

GOOD PAY with regular increases. You may earn up to \$126 a month.

EACH YEAR you are entitled to a generous vacation period, with full pay.

GOOD FOOD and plenty of it.

FREE CLOTHING. A complete outfit of clothing when you first enlist. (Over \$100 worth.)

FREE MEDICAL CARE, including regular dental attention.

FINEST SPORTS and entertainment any man could ask for.

TRAVEL, ADVENTURE, THRILLS—You can't beat the Navy for them!

BECOME AN OFFICER. Many can work for an appointment to the Naval Academy or the Annapolis of the Air at Pensacola.

FUTURE SUCCESS. It's easy for Navy trained men to get good-paying jobs in civil life.

LIBERAL RETIREMENT-PAY for regular Navy men.

FREE TRAINING WORTH \$1500

And all this time you're taking care of your future! The Navy said, "Pick a trade—we can make you an expert." And they gave you nearly 50 skilled trades and vocations to choose from: Radio expert, machinist, welder, aviation mechanic, dental technician, electrician—to mention a few.

Yes, training that would be worth \$1500 to you in one year's time. Training that will assure you of a well-paid job in civil life. Yet you get paid while learning—get your keep and a complete outfit of clothing free.

Where else in the world are there such opportunities for thrill, for fun, for a future as in Uncle Sam's Navy?

ENROLL IN THE NAVAL RESERVE ... BE RELEASED AFTER THE EMERGENCY

The Secretary of the Navy has announced:—"All men now enlisting in the Naval Reserve will be retained on active Navy duty throughout the period of the national emergency, but they will be released to inactive duty as soon after the emergency as their services can be

spared, regardless of the length of time remaining in their enlistment."

Remember—the regular Navy and Naval Reserve offer you the same travel, training, promotions, pay increases. Physical requirements in the Naval Reserve are more liberal.
